Life Learning

Students in 9A had the opportunity to review their grammar skills by applying verb tenses during a community service field trip. Technology was even integrated into learning as each student created a video with the photographs they took during the trip and included oral or written text. Students then shared the narration with a classmate who had to identify each verb and note the person, singular or plural, and the verb tense used. These concepts, learned in elementary and practiced incrementally, are internalized through constant use especially outside the classroom.

Interdisciplinary work, technology, and vivid experiences promote joy and efficiency in learning!

May 31st

Forming Citizens

Special Guest: Lic. Rubén Hernández, constitutionalist and political analyst

Mr. Hernández will be sharing his opinion about which topics our presidential candidates should address in the upcoming elections. This will prepare students to formulate educated questions to ask future speakers, possibly candidates, during our FS17 Forming Citizens program.

School Schedule Survey

Click [here](#) for the procedure about the upcoming survey to determine the school's start and end time for FS17. The traditional school schedule is from 8:00am to 3:00pm. To make the current schedule permanent (7:20am-2:20pm), 85% must vote in favor. The link to complete the survey will be sent by email on Thursday.

Go with the Flow!

There is no need to arrive early for the 2:20pm dismissal. To keep the traffic smooth we ask the following:

- Do not occupy a space in the kiss & drop zone if your child is not there yet.
- Cars begin moving out of the zones at 2:23pm.

If your child is there waiting, pick him/her up and proceed to exit.

If your child is not there, continue on to the parking lot, leave your car, and walk to pick him/her up.

Please cooperate with this instruction and respect those in charge of expediting traffic flow.
