## Interdisciplinary Project in MS

At BVS we say, "There's a time to work and a time to play." However, Mr. Valderrama, Ms. A.L. López, and Ms. Bickford responded, "Why not both at the same time?!" These 3 teachers implemented an interdisciplinary project for 7A which can be better appreciated [here](#). Students looked into the atomic theory in science; in Spanish read articles about women in science to practice critical thinking and composition; and solved problems in math to receive clues about scientists connected to the atomic theory. During the rally, students were practicing their academic objectives while having fun! An added benefit: the activities included team building components as students worked in teams! Our teachers led by example through their extensive collaboration. Thanks a lot, way to go!

## Fifth Grade Annual Show

With choral support from fourth grade led by Mr. Quirós, this year's production of *The Princess and the Pea* under Ms. AnaCa Sáenz's direction was spectacular! Every year we think, she will not be able to top this one!" but she always proves us wrong. The dances our BVS student Bianca Calderón choreographed were exceptional! And the scenery committee out-did themselves once more. Amazingly, AnaCa opens the opportunity for more students by doubling the roles; meaning, two students represent the same character. The audience must pay close attention to the costumes to realize the same personification of the king, queen, prince, etc. At BVS, students come first! Congratulations to all the troupe!

## Forming Citizens

Values, Attitudes, and Actions of Citizens in Different Scenarios

Last week we had a very interesting first part of the closure. Tomorrow the students will finish their thinking routine and some of them will be selected, randomly, to expose their work in Sala Magna. For next semester, we will be focusing on Public-Private alliances. There are some openings if any of you are interested in sharing with our students. For more info, contact [Mr. Mora](#).

## Parents

### Stop by and refresh yourself!

**Friday, June 8th; Monday and Tuesday, June 11th and June 12th, and Thursday, June 14th**  
3 A1 and 3 A2

Inspired by *The Lemonade War* by Jackeline Davis (the book they are reading), the students will be selling lemonade as their community service fundraiser.

### Dog Supplies

**Monday, June 4th - Friday, June 8th**

**Elementary students:** drop off in homeroom

**MS-HS/BVS community:** drop off in Ms. Cornelius's room

A group of 5A students are collecting the following dog supplies donations: leashes, collars, towels, blankets, beds, and toys for animals in need. All items should be in good condition.

WOW!

**Javier Lozano, 2A,** showed *Creating, Imagining and Innovating*. By his own initiative, he saved bottle caps over the last months to create, after school with Ms. Solano, artwork from trash. What a wonderful way of recycling and innovating!
