Enjoying Summer Reading

Elementary students completed a reading project over vacation as part of the library and language arts curriculum. Gabriel Hidalgo, 4A, set a great example with his "book box" featuring the life and artwork of Monet. He carefully selected information from the biography, *Who Was Claude Monet*, and even sketched some of his favorite Monet masterpieces. This interdisciplinary activity reinforces a multitude of skills developed during the semester, while cultivating a love for reading and continued learning.

Sapere Aude! Well done!

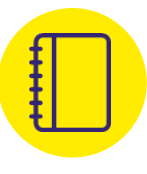

Forming Citizens

To begin this semester's conference cycle, Mrs. Urbina, Ms. Cisneros, and Mr. Mora will recap last semester's lectures regarding the role and responsibilities of citizenship within the electoral process.

Next week Mr. Eduardo Ulibarri will address the students on these issues.

Updating Personal Information

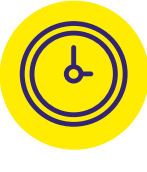

All students

Click [here](#) to fill out the form (sample in manual's Addendum) and update your children's information. Both parents will receive, for reference, the current database information. Parents not living together should fill out one each, specifically stating who is the primary contact. It is important to complete the sections regarding field trips, medication, and image rights.

Coffee Time

Thursday, August 8th, 7:30am, Cafeteria
Montessori new parents
Come and enjoy breakfast with us!

Montessori on Wednesdays

Due to the change in schedule, Montessori children no longer need to bring lunch on Wednesday; picnic on these days have been canceled.

Regular Bus Service

As we complete the first week of routes, we can better adjust the pick-up and drop-off time for each student. Minimum of changes are expected though sometimes it is inevitable when new students are added.
