### Uniforms

In hopes of offering better services, BVS in collaboration with ASEBVS, has been working on improving the quality of the school uniforms and implementing a new purchase system.

- We have a new provider for physical education uniforms which will allow us to offer better quality and prices. They will be available once the current supply is depleted.
- We are also working with a new provider to change the sports teams' uniforms and be able to provide better service.
- To ease the process of placing orders, we have created a form where you can complete early orders making a payment of 50% of the total amount. As of today, we will only accept orders via this form and not in the store, as well as only execute the orders that have the information confirming the 50% deposit. To access the form please click [here](#).

By provider request, the final date to place the orders for FS2019 is June 12th by, 3:30 pm.
