WOWs

- Max González, 4A2, did an exceptional effort to only say positive things during math class even though it is hard for him. Max is a leader among his classmates. He is doing a great job leading by example!
- Fuad Farach, PrepA1, is always cleaning up after himself and others, without being asked to. He is very helpful and responsible in his class. Thank you Fuad, we really appreciate your collaboration!
- Alice Higginson, 3A2, did an oral presentation in Spanish class to address shark finning. Alice took it a step further by writing a letter to the President asking the government to ban shark finning in Costa Rica, and had all of her classmates sign it. What a great demonstration of acting in order to preserve our environment!
- Luciana Cordero and Julián Leal, 1B1, were very considerate with their friends on the day they made s'mores in class with solar ovens. Everyone got to eat a s'more but as a group, they had to decide who would eat the melted one, which of course everyone wanted. Both Luciana and Julián gave up the s'more to their other group members. How nice!

STUDENTS SPOTLIGHT

- Congratulations Fabiana Gálvez, 1A1, who received a medal placing in the BMW Lindora Run. Way to go!

SPORTS

Training Cancelled
